Events at The Granary

SATURDAY 2nd. - JUICY LUCY.

Monday 4th. - TRAPEZE have their second L.P. on release. It's called "Medusa", and is very good. With them tonight is ELIAS HULK.

Thursday 7th. - You may remember SWEGAS playing here at the end of October. They could be described as a jazz/rock band, but that wouldn't give you much idea what they're like. If you like good solid music integrated with sensitive solo work, each number a musical composition rather than a riff line repeated, you will enjoy SWEGAS. Also playing tonight, FUNGUS

SATURDAY 9th. - THE GROUNDHOGS.

Monday 11th. - MYTHICA, an accousticy sort of band, and yet another group from South Wales called GOOD HABIT.

Thursday 14th. - AFFINITY with LINDA HOYLE. Tipped by many to do well this year, a group of students who met at Sussex University, and formed a group fronted by vocalist Linda Hoyle. It says here that she looks like Julie Christie, but I don't think so. Also featured tonight, LEATHER LITTLE MARY, quiet, melodic, flutish music.

Monday 18th. - GALLIARD and good friends KARAKORUM.

Thursday 21st. - WRITING ON THE WALL, with JULIANS TREATMENT. Welcome home Adrian.

SATURDAY 23rd. - SAVOY BROWN BLUES BAND.

Monday 25th. - CLOUDS, two albums released in the States, but up till now little appreciated here. A tremendous trio, have been excellent when they've played here, a welcome return. Also BIRTH.

Thursday 28th. - SKID ROW. Whatever happens to you, make sure you're here tonight. SKID ROW are incredible. Supporting will be GNIDROLOG.
